

Army Learning Management System - ALMS

WHAT IS THE ALMS?

The ALMS is a centralized training system, allowing training NCOs, training managers, instructors, unit commanders and individual users to schedule, register and deliver standardized Army training to Soldiers and DA Civilians at home and abroad. Users can register for and complete self-paced courses via the web.

ALMS TRAINING VALUE

- Increases readiness and provides training flexibility
- Manages and tracks training record throughout Army career via ATRRS
- Supports task-based and blended training strategies
- Provides greater stability for Army Soldiers and families

ALMS SYSTEM CAPABILITIES

- Provides storage of automated courseware and delivery of training content
- Provides access to Army training via the web
- Provides self-paced course offerings such as: Threat Awareness and Reporting Program, Combating Trafficking in Persons, Information Security Program Training, Commander's Safety Course, and more
- Provides 24x7 help desk support / online self-help technical support
- Supports Defense Collaboration Service real time training sessions via virtual classrooms
- Supports Customer Service Center to support training managers hosting their materials in the ALMS
