

All of the courses that are 30 minutes or longer in length count towards promotion points for military education. You will see the Course Hours listed right under the course titles. When searching for the courses, you will see the Course Tab, Resources Tab, and Books Tab. Those items listed under the Resources Tab are not worth promotion points as they are additional resources that augment the courseware.

The points are awarded the same as correspondence courses. You receive 1 promotion point for every 5 hours of training. When you complete courses in Army e-Learning they are automatically annotated on your ATRRS transcript within 48-72 hours of completing the course and you receive a completion certificate within 48-72 hours as well. You can check to make sure they are annotated on your ATRRS transcript by going to: <https://www.atrrs.army.mil/selfdevctr/> and click on the View Your Unofficial ATRRS Transcript link on the left. Once they are posted to the ATRRS transcript, they are supposed to automatically be updated on your ERB within approximately 15 days from being posted to the ATRRS transcript. Sometimes it can take longer than that.

To access the courses in Army e-Learning you will need to register for the program. Once registered you will receive a username and password in your e-mail. You can then go to the login page at <https://usarmy.skillport.com> to log in to take the courses. You do not need to register for the courses separately, you can simply launch whatever course you'd like to take.
